Daily Reported cases of ILI, AGE, Fever with Rash and Fever, all holding centers, Shelters

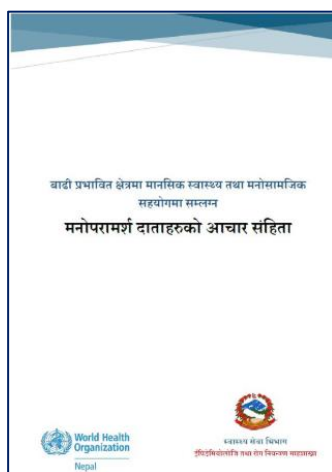

The Ministry of Health and Food Safety, Family Welfare Division, with the support of UNFPA, has established a temporary health clinic at the Galoudi shelter site in Dhading District and commenced the provision of essential health services.

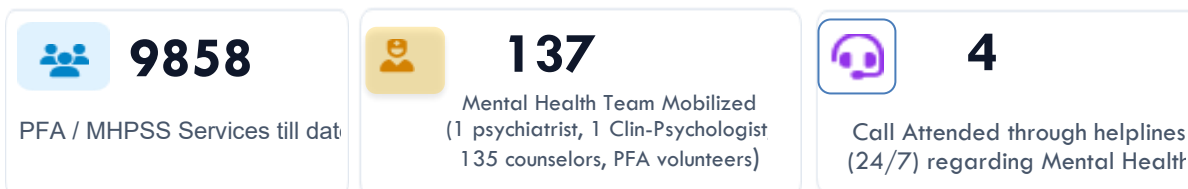

• Nuwakot Adarsha Multiple Campus, Battar, Nuwakot: Upon request of Bidur Municipality, Nepal Red Cross Society Emergency Clinic (RCEC) is being operated in coordination with Bidur Municipality, District Public Health Office, and Trishuli Hospital from 7-16 September 2026 (first phase). To date, the clinic provided treatmet services to a total of 649 patients, including 232 males and 417 females.

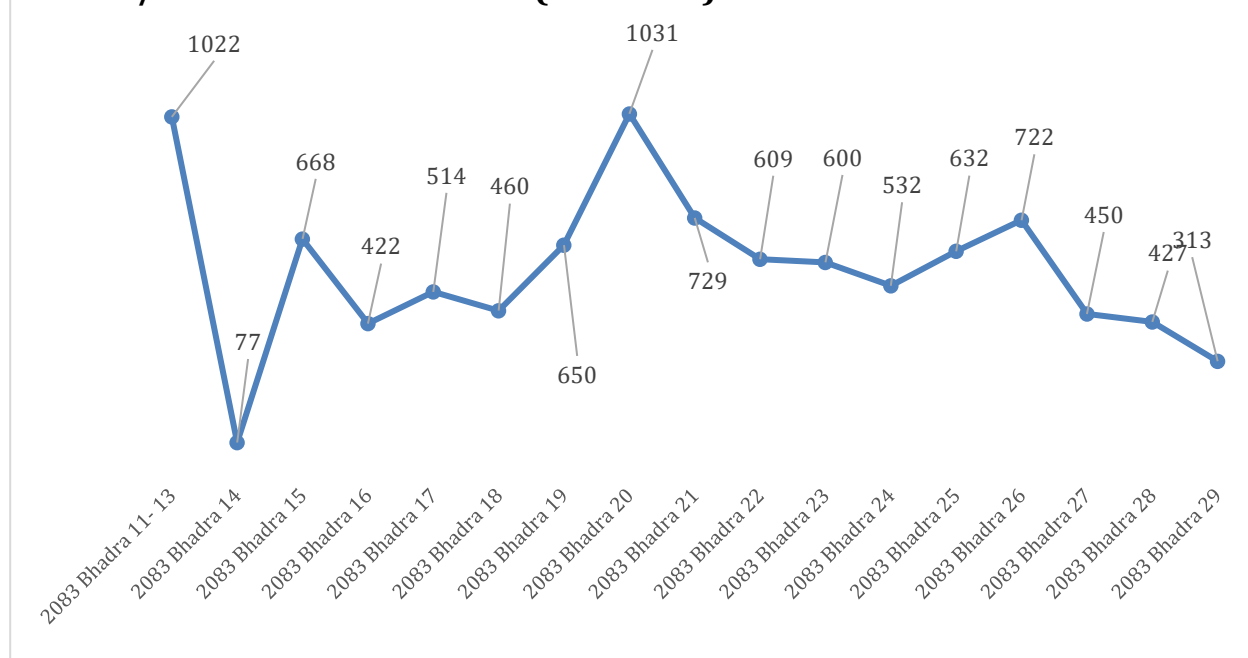

The Government of Nepal, Epidemiology and Disease Control Division, with the technical support from WHO, has developed a Code of Conduct for psychosocial counselors working in flood-affected areas. This provide a framework for ensuring MHPSS services are delivered ethically and responsibly, while protecting the dignity, confidentiality and wellbeing of individuals and communities throughout the recovery process.

3. Mental Health and Psychosocial Support

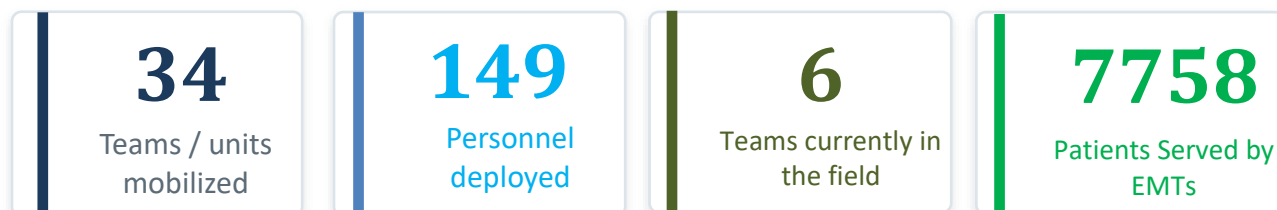

- MHPSS/PFA services continue across holding centres, hospitals, and affected communities in Nuwakot, Rasuwa, Kathmandu, and Dhading.
- Multi-stakeholder coordination is ongoing to strengthen NCD-related services and develop the upcoming action plan.
- Group counselling and therapeutic psychosocial activities are ongoing for children, adolescents, and affected families.
- Mental health IEC materials are being distributed, and referral mechanisms for specialized services are being strengthened.
- Specialized teams are conducting mental health needs identification and assessment and providing appropriate support.
- Services, monitoring, and coordination continue through the mental health helpline and online reporting system.

MHPSS/PFA Service delivered (datewise)
