

Health Sector Response to Flash Flood in Rasuwa

Friday

25 September 2026

Situation Report #31

1. Patient Status by Health Facility:

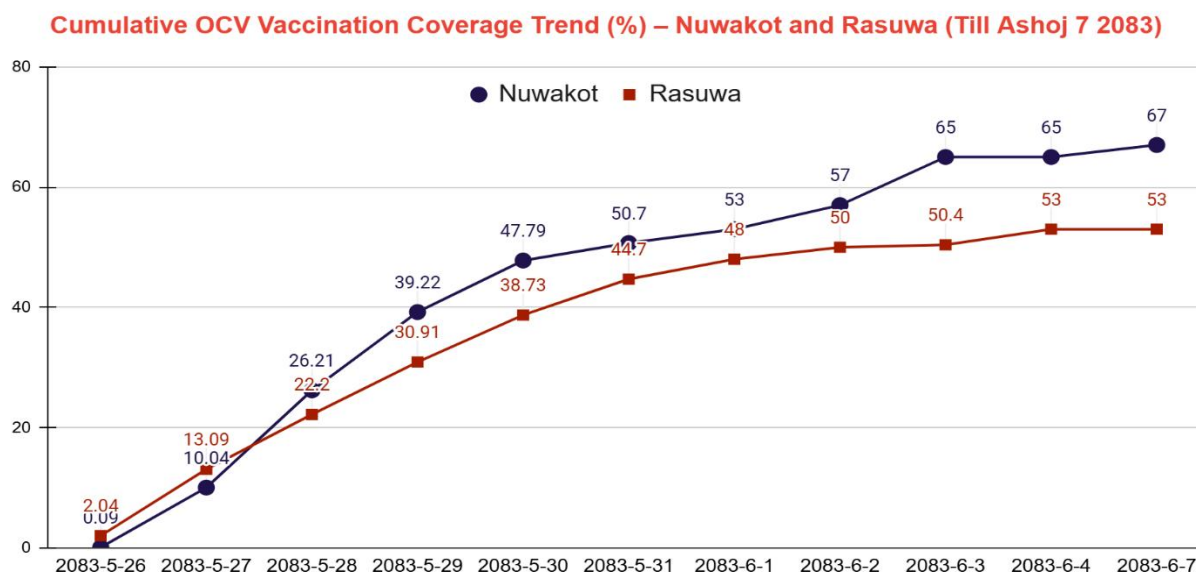

Current Status of Patients Under Treatment: A total of 7 patients are currently receiving treatment, including 3 at Tribhuvan University Teaching Hospital, 3 at the National Trauma Center, and 1 at Shree Birendra Hospital, Chhauni.

2. Key Health Sector Response and Coordination:

Based on information from the Department of Hydrology and Meteorology (DHM) and the National Disaster Risk Reduction and Management Authority (NDRRMA), heavy to very heavy rainfall is forecast in various parts of the country from 9–11 Ashwin 2083, with rainfall continuing in several areas. Considering the potential risks of floods, landslides, inundation and other disaster events and their possible impacts on public health, Ministry of Health and Food Safety, HEDMU/HEOC has urged all Provincial Health Emergency Operations Centres (PHEOCs) to remain on high alert and designate an Emergency Focal Person available 24/7. The Department of Health Services and its subordinate agencies have also been requested to ensure continuity of essential and routine health services and adequate availability of essential medicines and health supplies in high-risk districts. The concerned has also been urged to remain vigilant and take necessary precautionary measures.

OCV Campaign Progress:
